

TRINH THANH TUNG

FRONTEND DEVELOPER

0337675626 | tgtrh0604@gmail.com | Hanoi, Vietnam | github.com/TgTrh06

SUMMARY

Final-year Software Engineering student with hands-on frontend experience on LMS / EdTech and full-stack products. Builds responsive interfaces with HTML, CSS, JavaScript / TypeScript and React; integrates REST APIs; and uses Git, Playwright and AI Coding Assistant (Codex) for implementation, testing and debugging. Eager to apply these foundations while learning Svelte / SvelteKit.

EXPERIENCE

IT INTERN | KTL

Nov 2025 - Aug 2026

TRI ANH EDUCATION - LMS / EdTech Platform

- Developed and maintained responsive LMS / EdTech interfaces across **78 frontend page files**, supporting course discovery, learning, checkout, payments, exams and admin operations.
- Connected user-facing flows with TypeScript REST APIs across authentication, roles, courses, enrollments, vouchers, payments and learning access while handling validation and common integration issues.
- Maintained **35 Playwright E2E cases** for checkout, payments, mobile behavior and exam-security scenarios, helping detect regressions and debug issues across frontend and API boundaries.

SELECTED PROJECTS

ITSUSUSHI - Restaurant Reservation Platform

Jan 2026 - Present

Solo project | Demo | Repository: [ItsuSushi](#)

- Built **17 customer page components** and **7 admin screens** with React, TypeScript and Tailwind CSS for restaurant discovery, reservation, payment, history and operations.
- Integrated REST APIs for seat availability, reservation state transitions, payment confirmation and admin approval, delivering end-to-end customer and management flows.

ITSUMORI - Personal Developer Portfolio

Sep 2026

- Built a responsive portfolio with React 19, TypeScript, semantic HTML, CSS and Vite, including mobile navigation, keyboard interactions and reduced-motion support.
- Verified no horizontal overflow at **7 viewport widths from 320px to 1440px**; passed ESLint, TypeScript type-checking and production build validation.

TECHNICAL SKILLS

- **Frontend Core:** HTML5, CSS3, JavaScript, TypeScript, Responsive Web Design
- **Frameworks & UI:** React, Vite, Tailwind CSS, Zustand
- **API & Debugging:** REST API Integration, Client-side State, Validation, Error Handling
- **Testing & Workflow:** Git, Playwright, E2E Testing, Automated Testing, ESLint, Type Checking
- **AI-assisted Development:** Codex for code implementation, test support and debugging

EDUCATION

ELECTRIC POWER UNIVERSITY

2022 - Present

Engineer in Software Engineering | GPA: 3.34 / 4.0

Expected graduation: Feb 2027

LANGUAGES

- **English:** B1 assessment at Electric Power University - 9.5/10; technical documentation reading
